Albany 22 July 1890

Mr S. Watson

Dear Sir:

I have in mind two people who could take charge of your library or at least learn to take charge of it.

Since you mention no haste in filling the place, I have sent your letter to the person whom I consider best fitted for the work and will find out if she is at liberty to undertake it before writing you fully of her qualifications.

Very truly yours,

Mary S. Cutler
